

Shortbread

- Holding the short side of the shortbread dip it in white coating about 1/3 of the way up the shortbread, shake and lightly scrape off the excess coating.
- Let harden.
- Dip one side in dark and then the other side in dark to make a (v) with the white coating showing.
- Sprinkle with nuts, sprinkles, or coconut, etc., as needed or after dark coating starts to harden, stripe with stripe bottle, as needed.
- Let harden.
- Stripe, as needed, using stripe bottle.
